*IN CUTTING YOUR
HUMAN RESOURCE COST.*

With JBR Engineering on your side, your purchasing human resource becomes a minimal to zero expense. The Prevailing Annual Wage in NYS for Purchasing Managers/Purchasing Agents can be anywhere from \$48,000 to \$75,000 per year, per employee. Imagine the savings – in your pocket!

- There is no need for a full time “In House” purchasing agent.
- Cost Savings on personnel fees, overhead which includes but is not limited to: telephone service, computer fees, stationary, postage, warehouse.

*IN MINIMIZING YOUR
INVENTORY AND
WAREHOUSING*

With JBR Engineering we can propose to maintain a minimum 3 week supply (or more if so requested) of materials at each manufacturer's location and our facility located in New York State. The quantities would be established using your MRP's on an as needed basis. As such, we are able to provide your facility and your OEM's with a Just-In-Time delivery.

*IN SHORTENING YOUR
MANUFACTURING LEAD TIMES.*

With JBR Engineering handling your purchasing needs, we bring 25 years of experience and expertise. Using your MRP's we can drop ship materials to your facility to meet your Just-In-Time delivery. We also offer space in our multiple warehouses to minimize extensive lead-times presented by your approved vendors and can re-ship anywhere worldwide.

*ON PRICING YOUR
PARTS and MATERIALS.*

With JBR Engineering we will purchase and provide to your own manufacturing facility or each of your suppliers/vendors the necessary materials required for manufacturing your products. We have the ability and power that allows us the reduced cost by purchasing at optimal higher quantities. JBR would also relieve your OEM's the burden of planning and other hidden costs associated with their own purchasing.

JBR has the experience of working with MRP's and material needs for over 25 years. This puts us in an excellent position to know exactly how to control your inventory.
